PROFESSIONAL EXPERIENCE

PeopleScout, Inc., Charlotte, NC

February 2014 – August 2017

Client Delivery Manager

April 2017 – August 2017

- Managed implementation of multiple recruiting projects for an international financial services firm, leading requirements meetings with the client to determine business needs, identify project scope, and document new processes.
- Compiled weekly reports from multiple systems in Microsoft Excel to provide streamlined analysis of the recruitment status of 1,400 applicants, reducing resource needs by 50%.
- Identified and document root cause of errors for internal and client leadership, providing recommendations reducing average client escalations by 80% in 3 months.

Sr. Operations Specialist / Team Lead

February 2014 – April 2017

- Designed training curriculum for core processes, facilitating in person and virtual new hire and ongoing process training sessions for up to 30 employees in four geographic locations.
- Conducted monthly quality assessments of client's hiring process to ensure compliance with company guidelines and federal law and to provide documented, quantitative feedback to team.
- 2016 Employee of the Year awarded by senior leadership.

Duke Energy, Charlotte, NC

April 2013 – January 2014

IT Security Administrator (Contractor)

- Created more than 3000 security access cards for Duke Energy employees and contractors in six states as part of Duke Energy merger rebranding project.
- Identified, documented, and photographed circuitry of physical access control systems at all company locations throughout eastern US, entering data into SharePoint for verification against previous records.

ADDITIONAL EXPERIENCE

Kelly Services, Orlando, FL
OCPS Substitute Teacher

November 2017 - Present

- Fill short term (one to five days) K-12 teacher vacancies, with primary coverage for grades
- 8 -12 math and English classes. Teach lesson plans left by primary teacher to ensure curriculum schedule is maintained

Istrouma High School, Baton Rouge, LA
Mathematics Teacher

July 2012 – January 2013

- Taught Financial Math, Geometry, and Geometry Honors to grades 10 – 12.
- Created lesson plans and implemented data tracking systems to gauge student progress toward benchmark goals and make targeted adjustments.
